BUILDING ENDURING BUSINESS STRUCTURES IN THE UNITED ARAB EMIRATES

Dubai | UAE

ABOUT PROSPERA

Prospera is a UAE-based corporate advisory firm supporting founders, business owners, and investment principals in establishing and managing their presence in the United Arab Emirates.

We operate at the intersection of strategy, regulation, and execution.

Our mandate extends beyond incorporation. We focus on creating business foundations that support governance, credibility, and continuity, ensuring that each structure we advise is formed with clarity, compliance, and long-term viability in mind.

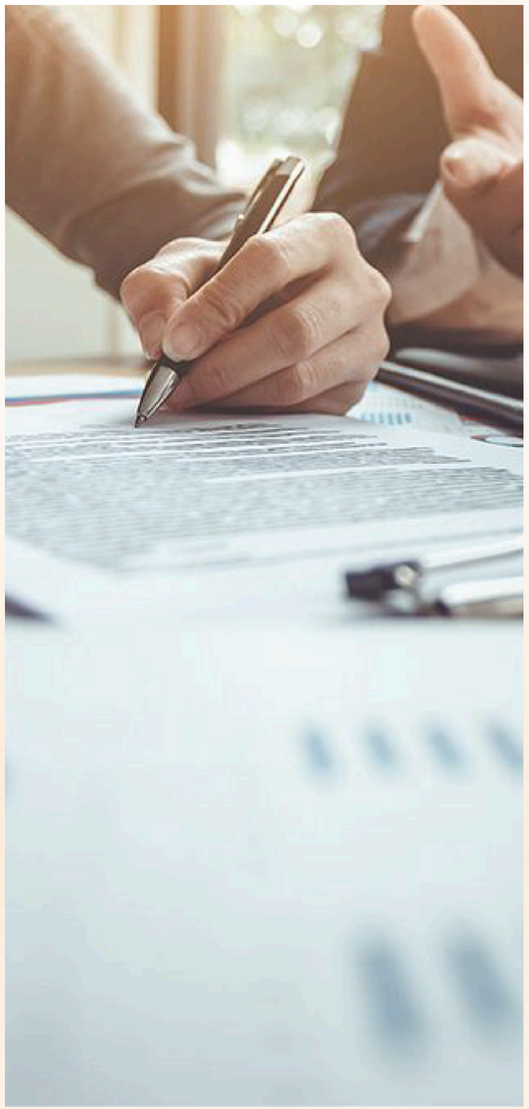
OUR MANAGING DIRECTOR

Ragunath Bose

Leadership & Advisory Oversight

With over 20 years of experience in banking and real estate. His keen insights and dedication have been pivotal in shaping our company's mission and values. His experience across banking and real estate informs Prospera’s disciplined approach to structuring and investment alignment.

THE OPERATING CONTEXT



The United Arab Emirates remains one of the world's most compelling jurisdictions for international business

However, successful establishment requires more than speed.
It requires informed judgment.

Jurisdictional variation, regulatory interpretation, banking scrutiny, and evolving tax frameworks demand a measured and deliberate approach.

Missteps at the formation stage often result in avoidable constraints later - in banking access, compliance, and scalability.

OUR PHILOSOPHY

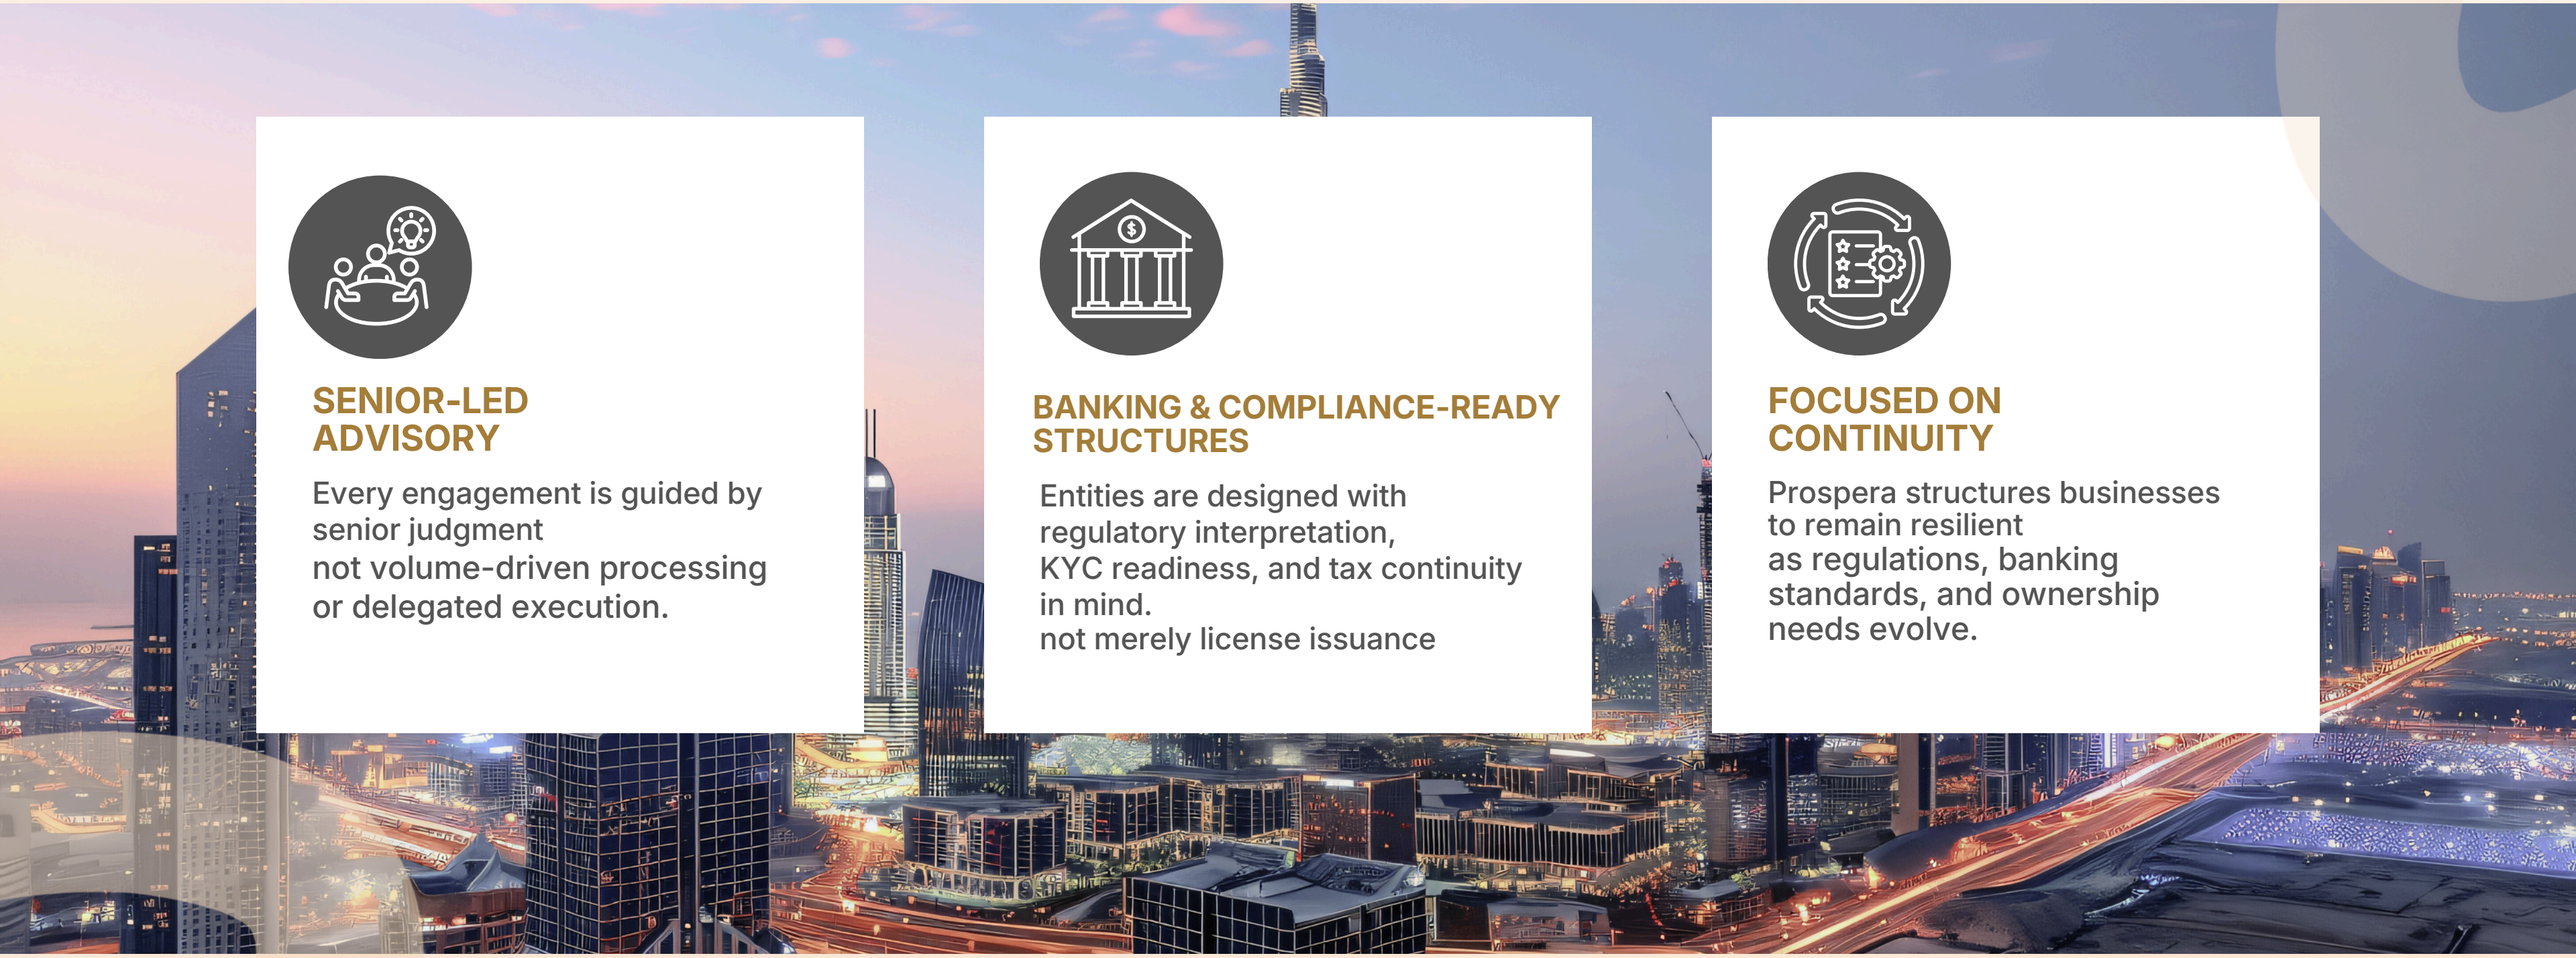
Structure Precedes Scale.

Businesses formed without clarity frequently encounter friction - in banking relationships, regulatory alignment, and long-term governance.

Prospera approaches business establishment as a strategic exercise, not an administrative task.

Each engagement begins with a thorough understanding of the client’s objectives, operating model, and risk profile.

WHY CLIENTS CHOOSE PROSPERA



SENIOR-LED ADVISORY

Every engagement is guided by senior judgment
